

Further success for SAP consulting house

itelligence AG once again named by SAP as Special Expertise Partner for SAP Customer Relationship Management (SAP CRM)

Bielefeld, Germany, July 18, 2007 - SAP Deutschland AG & Co. KG has once again named itelligence AG as "Special Expertise Partner for SAP CRM". itelligence is thus one step further on its successful course in the area of customer relationship management, since SAP has honored the product and process expertise as well as the well-established project competence of itelligence in the area of CRM.

The designation "Special Expertise Partner" is awarded to SAP Service Partners which demonstrate particular competence for SAP solutions or industries. In addition to the technical qualifications, the many successful CRM projects this year were the reason for the renewed naming as Special Expertise Partner for SAP CRM. Customers such as HEWI Heinrich Wilke GmbH and Odenwälder Kunststoffwerke Gehäusesysteme GmbH once again demonstrate the high level of competence of itelligence consultants in the implementation of effective customer relationship management based on SAP CRM.

According to Michael Vollmer, Business Area Manager for CRM/SRM/Portals/Netweaver at itelligence AG, "The renewed naming as Special Expertise Partner for SAP CRM is one of a series of repeated honors for SAP CRM since the initial run. In the end, the business volume was able to grow disproportionately well in a very successful year in the area of CRM. With its many years of experience and repeated honors by SAP, itelligence is a very valuable partner for its customers in the area of CRM consulting."

About itelligence

itelligence is one of the leading international full-service provider for SAP employing about 1,100 highly qualified employees in 15 countries and in 4 regions (America, Western Europe, Eastern Europe and Germany/Austria). As a mySAP Business, Service and Support Alliance as well as Global Partner Hosting and Global Services Partner, itelligence realizes complex projects in the SAP environment for over 2,500 customers worldwide.
