Bielefeld (Germany), April 24, 2007 – itelligence AG, one of the leading international full-service IT providers for SAP, continued the past fiscal year's performance in the first quarter of 2007 and significantly boosted both its revenues and profitability. itelligence recorded an increase in revenues of +18.4% (after adjustment for currency translation effects: 21.5%) to MEUR 44.3, up from MEUR 37.4 in the same quarter of the previous year.

Despite negative currency effects, substantial growth rates were generated in all the regions.
