

SAP consultants itelligence: mid-market expertise in metal processing wins new contract

Tools manufacturer HAZET opts for mySAP ERP as IT tool

Bielefeld, August 15, 2006 – The metal processing company HAZET, which was founded in 1868, has chosen itelligence as long-term SAP consultants and is banking on the mySAP ERP and NetWeaver solutions delivering a strategic competitive advantage.

HAZET manufactures quality tools including wrenches, torque wrenches, tool trolleys and special tools for motor vehicles, commercial vehicles and aircraft. The metal processor employs around 550 employees in three factories and seven agencies in Germany and generated sales of around EUR 50 million with its quality products in 2005. Thanks to its high quality standards, the company has established an extensive customer base in industry, aviation, trades and vehicle maintenance and trading relationships in more than 100 countries.

192 HAZET users work with SAP R/3, release 4.6c using the SAP processes and functions in the areas of sales and dispatch, materials management, stores and purchasing, production planning, customer service, finance and controlling as well as in payroll.

Maintaining a technological lead and protecting investments using the SAP system are a particular focus of this project. HAZET intends to leverage the strategic benefits and synergies resulting from an as extensive and as integrated as possible use of SAP and was convinced by the SAP consultants' mid-market and industry expertise.

itelligence bundles licenses, consultancy and maintenance in one source – standalone solutions are avoided in principle. The itelligence consultants will have replaced the existing SAP R/3 solutions and migrated to the new mySAP ERP by 2007.

SAP consultants itelligence: mid-market expertise for metal processing industry wins new contract

Tools manufacturer HAZET opts for mySAP ERP as IT tool

Franz Krähahn, Deputy Managing Director of HAZET: “The combination of the latest SAP technologies such as NetWeaver and the industry expertise of the itelligence advisors provides us with competitive advantages and was an important reason for changing to mySAP ERP. We do not want lots of individual solutions, rather a platform that we can extend and utilize for the next ten years.”
