

SAP, Fujitsu Siemens Computers and itelligence

Exclusive to itelligence AG: the Intranet portal starter package

Bielefeld, April 25, 2005 – Together with SAP Deutschland AG & Co. KG and Fujitsu Siemens Computers, itelligence AG is presenting the new “intranet portal starter package” for the classical and upper mid-market. With their new starter package, SAP, Fujitsu Siemens Computers and itelligence wish to make it possible for businesses with upwards of 100 portal users to migrate their hardware and software to the latest SAP portal technology at a reasonable price and free of risk.

The package contains three main components: on the software side, the SAP Enterprise Portal based on the SAP NetWeaver including the “business package for web editing” and the Max DB™ database, and on the hardware side, a Fujitsu Siemens Computers PRIMERGY server with the SUSE-Linux-Enterprise server including maintenance and installation of hardware. On the consultancy side, itelligence AG is providing the installation of the pre-configured intranet solution based on the SAP Enterprise Portal plus adaptations and training.

The intranet portal starter package will be available across the whole of Germany exclusively from the interested partners at an all-in price of EUR 58,000 from the time of the CeBIT trade fair.

Further information on Fujitsu Siemens Computers' PRIMERGY server can be found at <http://www.fujitsu-siemens.de/primergy>
