

SAPPHIRE '02 in Lisbon, Portugal, highlights international projects by itelligence, an SAP international Full Service Provider

Frankfurt, August 2, 2002 - This year at SAPPHIRE Lisbon, itelligence AG, a leading international SAP full-service provider will highlight the roll-out of international projects at large corporations and medium-sized enterprises. From September 4 to 6, 2002, itelligence will present its specific service offerings for international companies and their ability to implement SAP in an international environment.

SAPPHIRE Lisbon attendees will have the opportunity to obtain information about itelligence AG's special vertical solutions. The solutions developed on the foundation of mySAP and will feature vertical solutions for: it.auto for automotive suppliers, it.chemicals for the chemicals industry, it.engine for the mechanical engineering and high-tech sectors, it.metal for the metal processing industry, it.service for the services sector, it.trade for wholesaler & distribution and it.wood for the timber and furniture industries.

As operator of ultramodern computer centres, itelligence will also present itself as a competent partner for outsourcing projects. On September 5, Oliver Schreiber, Director Outsourcing and Services of itelligence AG, will deliver a presentation on "Providing Proactive Implementation Support for Complex Landscapes".

International experience and close cooperation with SAP are the key characteristics of itelligence AG. Employing approximately 1,450 employees worldwide, itelligence is – a certified SAP Channel Partner for the Small to Medium Enterprise and a Value Added Reseller for SAP industry solution, - SAP Hosting Partner and Services Alliance Partner.
